

Recreational Games

Hot Chocolate River Monster

You will need:

- One foam piece, carpet squares or sheet of paper for each player, plus 2 extras which will also serve as “marshmallow rafts”
- Two cones, tape, beanbags etc. to mark out the banks of the “hot chocolate river”

To Play:

- Mark out the banks of the river using your tool selected above
- Assign one player as the river monster
- The rest of the players will be hot chocolate elves
- The elves must try to cross the river only stepping on their marshmallow rafts (foam squares etc.)
- Once the marshmallows are put down they cannot move or you will be washed back to shore and only two feet can go on each marshmallow or it will sink!
- If a player steps into the hot chocolate river they will be out & have to leave their team
- If a marshmallow is left alone a River Monster can come by and eat it!
- This game works best when it is a competition; make two teams & see who can do it the fastest.
